Elder Project Proposal

For my Elder Project I suggest that we knit or crochet baby blankets to be donated to hospitals or homeless shelters. Knitting and crocheting is something that does take skill but is worth it at the end. If 100 people start knitting blankets, it can go to hospitals or homeless shelters for kids to be warm and people to as well. It is also a way for volunteers to learn a life skill and something that can benefit them as well. We would have a yarn drive for people to donate and the volunteers would crochet baby blankets. I believe that these blankets would hold deeper meaning as it is something that is handmade. The patients and community would really appreciate the work put into it.
